Details of activities conducted under MOU 2025

1. M/s Crest Veda TechWorks Solutions India Pvt Ltd

Under the Memorandum of Understanding (MoU) with **Crest Veda TechWorks Solutions India Pvt Ltd**, the following academic and skill-development activities were organized for the benefit of students:

1. **Cyber & IT Risk Program – Session 1**
   A technical session on *Cyber & IT Risk* was conducted on **03/11/2025**. The session focused on creating awareness about cybersecurity frameworks, IT governance, risk assessment methodologies, compliance standards, and emerging challenges in digital security. Students gained practical insights into industry-oriented risk management practices and career opportunities in technology risk domains.
2. **Crest Certified Technology Risk Analyst (CTRA) Training Program**
   The *Crest Certified Technology Risk Analyst (CTRA)* training program is being conducted for **60 students** from the departments of CSE, ISE, MCA, and AIML. This certification-oriented training aims to equip students with in-depth knowledge of IT risk management, cybersecurity auditing, regulatory compliance, and industry best practices. The program enhances students' employability by providing hands-on exposure and professional certification in the growing field of technology risk and cyber security.

These initiatives under the MoU significantly contribute to bridging the gap between academia and industry by providing practical exposure, certification opportunities, and career-oriented skill development in emerging technology domains.

2. M/s Getronics Solutions India Pvt Ltd

Under the Memorandum of Understanding (MoU) with **Getronics Solutions India Pvt Ltd**, an industry expert (Adjudicator) from the organization was invited for the **Open Day held in May 2025**.

The industry representative evaluated student projects and provided valuable insights on technical implementation, innovation, feasibility, and industry relevance. The interaction enabled students to receive constructive feedback from an industry perspective, thereby enhancing practical understanding and aligning academic projects with corporate expectations.

3. M/s TechnoServe India TNS

Under the Memorandum of Understanding (MoU) with **TechnoServe India (TNS)**, the following initiatives were carried out:

1. **CSR Program for BPL Students (Accenture Initiative)**
   A Corporate Social Responsibility (CSR) program supported by **Accenture** was initiated for students from economically disadvantaged (BPL) backgrounds belonging to CSE, CSE (AIML), ISE, and ECE branches.

- **63 students were incepted** into the program.
- **49 students successfully completed the training.**
- **14 students discontinued (dropouts) during the training period.**
- **Two students were successfully placed through TNS:**
  - **Ms. Vaibhava Rathna V (1JS23CS416)**
  - **Ms. Prateeksha N Wali (1JS22IS095)**

2. **Orientation Program – TNS India Foundation (TNSIF)**
   An Orientation Program for the Academic Year 2025 was conducted on 16 May 2025 by **TechnoServe India Foundation (TNSIF)** to brief students on program objectives, training modules, and career pathways.
3. **Corporate Linkage Session & Tech Entrance Test (Accenture – CSR Initiative)**
   A Corporate Linkage Session along with a Tech Entrance Test was conducted on 13 October 2025 to provide industry exposure and assess students' readiness for corporate opportunities.

These initiatives under the MoU significantly strengthened inclusive skill development, corporate engagement, and placement outcomes for students.

4. M/s Zysk Technologies

Under the Memorandum of Understanding (MoU) with **Zysk Technologies**, the following activities were carried out:

1. **Student Internships**
   As part of the industry collaboration, **two students, Ms. Ruthu and Ms. Rutwika, secured internships** at Zysk Technologies. The internship provided practical exposure to real-time projects, industry workflows, and professional software development practices, thereby enhancing their technical and industry-oriented skills.
2. **Industry Visit by Faculty Members**
   An industry visit was undertaken by **Dr. Sahana V** and **Mrs. Sudha P R** to strengthen academic–industry collaboration. The visit facilitated discussions on emerging technologies, internship opportunities, industry requirements, and potential collaborative initiatives such as guest lectures, training programs, and joint projects.

These initiatives under the MoU contribute to experiential learning, faculty–industry interaction, and enhanced career opportunities for students.
