

Blood Donation Camp

Donating blood is a noble cause and a selfless act which helps save lives. Giving your blood to someone in need is a gift, and just as important as donating organs since it's like offering someone a chance at life. In this view a Blood Donation Camp was organized by NSS and Yodha forum in collaboration with Kidwai Memorial institute of Oncology and Victoria Hospital, Bengaluru on 22nd September 2016 at JSSATEB campus. Hundreds of students and staff participated in this noble deed and donated blood.
